

**REMARKS**

Claims 1-6 are all the claims pending in the application.

In the Amendment filed November 24, 2008, claim 1 has been amended to further recite that the vinyl polymer (B) and the vinyl polymer (D) satisfy the requirements (I) to (III).

The Advisory Action dated December 10, 2008 asserts that “the proposed insertions are not found to be supported in sections of the specification as pointed out by applicants.”

Applicants wish to point out that the present specification describes on page 12, 2nd full paragraph, that “the other preferred example [of the vinyl polymer (D)] includes the above vinyl polymer (B).” Further, previous claim 1 recites a vinyl polymer (B) satisfying the requirements (I) to (III). Therefore, Applicants’ proposed amendments to claim 1 are sufficiently supported by the specification.

If there are any questions concerning this paper or the application in general, the Examiner is invited to telephone the undersigned at (202) 452-7932 at his earliest convenience.

Respectfully submitted,
